Defendants knew of the existence of Ms. Lawson’s medical conditions, and represented to Plaintiff that it was able, knowledgeable, and sufficiently staffed to adequately care for her conditions. Plaintiff relied on this representation in selecting Defendants as health care providers to treat her mother’s condition.

10. Defendants formulated and/or were required to formulate various Focus Plans (Care Plans) to account for Ms. Lawson’s specifically identified conditions and potential complications related to these conditions.
11. Further, knowing that Ms. Lawson would need special care and assistance in her activities of daily living, Defendants admitted her into its facilities and under its care, and further represented to the Plaintiff and indicated that Defendants’ services were equipped to meet her needs. Plaintiff relied on Defendants’ representation when choosing skilled nursing facilities to assist with his mother’s activities of daily living and provide appropriate care based upon her life threatening conditions.
12. Defendants provided what Plaintiff believed and understood were skilled nursing facilities and ongoing assessments of Ms. Lawson. It was further Plaintiffs’ belief and understanding that Defendants were providing proper medical oversight and care through properly trained and qualified individuals to assure that Ms. Lawson was safe and properly cared for at all relevant times.
13. While receiving care from Corinth, Ms. Lawson suffered from several falls.

14. Further, during her residency, Ms. Lawson had ongoing experiences with difficulty breathing, to which her family complained about to facility staff, who did not assess Ms. Lawson's complaints in a timely manner resulting in fluid build-up around her lungs.
15. On or about June 2014, Ms. Lawson attempted to use the call light to notify staff that she needed assistance transferring herself to the restroom. After a period of time, in which no staff responded to her call light, Ms. Lawson attempted to transfer herself to the restroom. She fell and stuck her head, resulting in two black eyes.
16. On or about the last Sunday of June 2014, Ms. Lawson complained about breathing difficulties to Corinth staff, to which the staff did not address the complaints immediately. Several hours later, Ms. Lawson's family members were called and notified that she was being transferred to the hospital due to difficulties breathing.
17. Emergency Medical Services ("EMS") attempted to resuscitate Ms. Lawson, but attempts were unsuccessful, and Ms. Lawson passed away. EMS staff stated that she had been without oxygen for approximately thirty minutes.
18. During the time her mother received care from Defendant CORINTH HEALTH CARE, LLC D/B/A CORINTH REHABILITATION SUITES ON THE PARKWAY, Linda Lawson—Kennedy relied on the Defendant's representations and it was her belief and understanding that her mother, KATHRINE LAWSON, was being properly cared for by the Defendants.
